Remarks

This gem is located on 2+ acres within the city limits! It has a 3-car pole barn, a second garage, an in-ground pool, 1st-floor bedroom-laundry-full bath! The original house was renovated w/a modern 2-story addition by the previous owners; loads of living & storage space indoors and out! Upon entering you'll find yourself in an expansive kitchen, open to living room, and, on the opposite end, a dining area. Through the dining room you enter the great room w/wood-burning fireplace. The exterior doors lead to a large screened-in area overlooking the pool. Upstairs is a large primary bedroom w/its own full bath complete with Jacuzzi tub and separate shower. There are two additional bedrooms and second full bath upstairs! New roof in 2022! Showings start 10/22/25, schedule your showing today!
